Mira

Graphic rug by RUG'S SOCIETY
In a cubist language, Mira is the
representation of Cleopatra, where life emerges in the
form of color, taking us on a
journey through the communion
of cultures and style.

Dora&Gaspar

Stool by NAUU DESIGN
Inspired by a "couple" of twins,
this 2-in-1 stool embodies all
they are: funny, humorous,
explorers, energetic. As William
Shakespeare wrote in times gone
by, the twins come to this world
to walk "hand in hand" with all
the differences that exist
between them.
